NOTICE INVITING TENDERS

FOR SUPPLY, DELIVERY, INSTALLATION, COMMISSIONING, DEMONSTRATION AND WARRANTY SUPPORT OF EQUIPMENT

Tender Reference No.	CCMVS/PROC/2026-27/001	**Date**	20/10/2026
Mode of Procurement	Open Tender / e-Procurement / Sealed Tender	**Tender Category**	Equipment & Instrument Procurement
Bid Closing Date	30/10/2026	**Bid Submission Start**	20/10/2026
Technical Bid Opening	25/10/2026	**Financial Bid Opening**	31/10/2026
Bid Validity	90 days	**Delivery Period**	45 days from Purchase Order
Indicative Budget Provision	₹14,43,66,000*	**Tender Fee / EMD**	As notified in the Tender Schedule

*** The indicative budget provision is stated only for administrative/financial planning. It is not an item-wise estimated rate, ceiling price, quoted price, or guarantee of order value. Bidders shall quote their own competitive rates.**

1. INVITATION

Sealed/electronic tenders are hereby invited from eligible and experienced manufacturers, authorised dealers, distributors, system integrators and competent suppliers for the supply, delivery, installation, commissioning, demonstration, training wherever applicable, and warranty support of laboratory, scientific, diagnostic, clinical, farm, machinery, IT, audiovisual, transport and field-training equipment required for CHINNAMMA, CHENCHAMMA & MAHANANDI College of Veterinary Sciences.

The procurement programme is based on the College Form-I / Detailed Project Report and is intended to support phased development of the B.V.Sc. & A.H. academic, laboratory, clinical, livestock-farm, diagnostic and field-training facilities. The equipment programme is to be implemented progressively in accordance with the professional-year-wise academic development.

2. IMPORTANT COMMERCIAL PRINCIPLE – NO ITEM-WISE ESTIMATE DISCLOSED

The purchaser has intentionally not disclosed the internal/DPR rate or estimated unit price against individual equipment items in the bidder-facing schedule. The quantities and equipment descriptions constitute the procurement requirement. Each bidder shall independently quote its best competitive unit price, applicable GST, freight, insurance, installation, commissioning and all other applicable charges in the prescribed financial format.

The indicative overall budget provision is only a planning reference and shall not be interpreted as a commitment to purchase the entire programme, nor as a basis for loading or matching the bidder's prices.

3. SCOPE OF SUPPLY

- Supply of the equipment/items specified in Annexure-I, in the required quantities.
- Transportation and delivery to the College premises at PPR Educational City, Inavolu, Nuzendla Mandal, Vinukonda, Palnadu District, Andhra Pradesh – 522659.
- Installation, assembly, integration and commissioning wherever applicable.
- Demonstration and basic operational training for designated College personnel wherever applicable.

- Provision of user manuals, service manuals, technical datasheets, calibration/inspection certificates and other documents applicable to the equipment.
- Warranty support, preventive/corrective service and replacement of defective components as per the tender/Purchase Order.
- For vehicles and mobile equipment, registration, statutory documentation and delivery requirements shall be as specified in the Purchase Order and applicable law.

4. ELIGIBILITY OF BIDDERS

- The bidder shall be a legally valid business entity/manufacturer/authorised dealer/distributor/system integrator, as applicable to the quoted items.
- Where the bidder is not the manufacturer, valid manufacturer authorisation/dealership/distributorship documentation shall be furnished wherever required.
- The bidder shall have demonstrated experience in supplying comparable equipment to educational institutions, laboratories, hospitals, veterinary institutions, government/semi-government organisations or other established organisations, as applicable.
- The bidder shall possess the required registrations, licences and statutory permissions applicable to the goods/services offered.
- The bidder shall not be blacklisted/debarred by the competent authority/government body, subject to the declarations required in the tender.
- Financial and technical eligibility documents shall be submitted in the prescribed format and may be verified by the purchaser.

5. TECHNICAL OFFER

Because the source project document primarily identifies equipment and quantities rather than manufacturer-specific models, bidders shall submit a complete technical offer for every quoted item. The technical offer shall clearly identify the make, model, country of origin, catalogue/datasheet reference, warranty, power requirements where applicable, and compliance with the required functional purpose.

- Technical compliance statement against each item.
- Manufacturer's technical datasheet/brochure for the offered model.
- Make and model number; exact configuration and accessories.
- Warranty period and service support details.
- Calibration certificates/traceability documents wherever applicable.
- Deviation statement, if any. Any deviation from the purchaser's minimum requirement must be expressly stated; silence shall not be treated as an accepted deviation.

6. FINANCIAL BID / QUOTATION

Financial quotations shall be submitted only in the prescribed financial schedule. Rates shall be quoted against each item. The bidder shall clearly indicate basic unit rate, GST, and total amount. Freight, insurance, installation, commissioning, training and other charges shall be separately indicated wherever applicable and shall not be introduced later as an unquoted mandatory charge.

The purchaser reserves the right to evaluate item-wise, package-wise or in such other combination as may be permitted by the tender conditions and to place orders wholly or partly, subject to technical responsiveness, financial competitiveness, availability of funds and approval of the competent authority.

7. TENDER PACKAGES / PROCUREMENT GROUPS

Package	Category	Principal Scope
Package I	Laboratory, Scientific & Diagnostic	Basic sciences, laboratory, microbiology, pathology, genetics, nutrition, pharmacology, public health, parasitology, diagnostic and central instrumentation.
Package II	Clinical, Farm, Machinery & Field	Surgery & radiology, medicine, gynaecology & obstetrics, VCC, farm complex, livestock production, clinical and field equipment.
Package III	Teaching, IT & Audiovisual	Common teaching, computers, display/projection, digital teaching and audiovisual equipment.

Package	Category	Principal Scope
Package IV	Transport & Field Training	Student buses, veterinary clinical/ambulatory vehicles, livestock transport and utility/emergency vehicles.

8. DELIVERY, INSTALLATION AND ACCEPTANCE

- Delivery shall be made at the College premises or such other location as specified in the Purchase Order.
- Equipment shall be supplied new, unused and of current production unless the tender expressly permits otherwise.
- All supplied equipment shall be inspected and tested by the purchaser/technical committee.
- Installation and commissioning shall be completed by trained personnel of the manufacturer/supplier wherever applicable.
- Acceptance shall be based on conformity with the tender requirements, offered technical specifications, quantity, functionality and satisfactory demonstration/commissioning.
- Any item found damaged, defective, short supplied or technically non-conforming may be rejected or required to be replaced/rectified at the supplier's cost.

9. WARRANTY, SERVICE & SUPPORT

- Minimum warranty shall be as specified in the final tender schedule/Purchase Order; bidders shall state the offered warranty period clearly.
- Warranty shall cover manufacturing defects and defects arising during normal use, excluding only those exclusions expressly accepted by the purchaser.
- Service response time, preventive maintenance and availability of spare parts shall be stated by the bidder.
- For sophisticated laboratory/clinical instruments, installation qualification, calibration and user training shall be provided wherever applicable.
- Where AMC/CMC is required after warranty, it shall be quoted separately only if requested by the tender.

10. BID SUBMISSION DOCUMENTS

- Covering letter / bid submission form.
- Bidder profile and constitution documents.
- GST registration and PAN, as applicable.
- Manufacturer authorisation for non-manufacturer bidders, wherever applicable.
- Experience / purchase order / completion evidence for comparable supplies, where required.
- Technical compliance statement and item-wise make/model schedule.
- Manufacturer datasheets/catalogues.
- Warranty and service support undertaking.
- Non-blacklisting / non-debarment declaration.
- Financial bid / quotation in the prescribed format.
- EMD / tender fee documents, if applicable under the final tender conditions.

11. BID EVALUATION

Evaluation shall be conducted in stages: (i) preliminary scrutiny of eligibility and mandatory documents; (ii) technical evaluation and compliance verification; and (iii) financial evaluation of technically responsive bids. The purchaser may seek clarification on non-material matters without permitting alteration of the substance of the bid.

Lowest price alone shall not automatically confer an entitlement to award. The purchaser shall consider technical compliance, conformity with specifications, warranty/service support, delivery capability, statutory compliance and financial competitiveness, subject to the applicable procurement rules and approvals.

12. GENERAL TERMS & CONDITIONS

1. Bids shall remain valid for the period specified in the Tender Schedule.

2. The purchaser reserves the right to accept or reject any or all bids, in whole or in part, without assigning reasons, subject to applicable procurement rules.
3. The purchaser may increase, decrease, omit or split quantities as permitted by the tender conditions and applicable approvals.
4. Prices shall remain firm during the validity of the bid unless the tender specifically permits price variation.
5. Taxes shall be payable as applicable and supported by valid tax documentation.
6. All statutory duties, licences, registrations and compliance obligations relating to the supplied goods/services shall be the responsibility of the supplier to the extent applicable.
7. Any conflict between the bidder's commercial terms and the tender conditions shall be governed by the tender/Purchase Order unless expressly accepted in writing by the purchaser.
8. All disputes shall be subject to the jurisdiction specified in the final tender document/Purchase Order.
9. The successful bidder shall execute the Purchase Order/Agreement and furnish performance security wherever required by the final tender conditions.
10. Canvassing in any form shall render the bid liable for rejection.
11. False declarations, forged documents, material misrepresentation or concealment of material facts may lead to rejection and further action as permitted by law.

13. PHASING OF PROCUREMENT

The equipment programme is intended to be implemented progressively with the professional-year-wise academic development. The DPR identifies the following broad priorities:

Phase	Priority Areas
Year 1 – First Professional	Veterinary Anatomy; Veterinary Physiology; Veterinary Biochemistry; Livestock Production Management; common teaching equipment; initial livestock-farm equipment.
Year 2 – Second Professional	Veterinary Microbiology; Veterinary Pathology; Animal Genetics and Breeding; Animal Nutrition; additional central laboratory equipment.
Year 3 – Third Professional	Veterinary Pharmacology and Toxicology; Veterinary Parasitology; Veterinary Public Health and Epidemiology; Livestock Products Technology; Extension Education; additional farm and diagnostic equipment.
Year 4 – Fourth Professional	Veterinary Surgery and Radiology; Veterinary Medicine; Veterinary Gynaecology and Obstetrics; Veterinary Clinical Complex; Veterinary Diagnostic Laboratory; advanced clinical equipment.
Internship / Final Clinical Phase	Strengthening of Veterinary Clinical Complex and other advanced clinical, diagnostic, farm and field-training facilities.

ANNEXURE–I: EXISTING DETAILED EQUIPMENT & QUOTATION SCHEDULE

The following item-wise schedule is derived from the College's Detailed Project Report equipment programme. Internal DPR rates have been intentionally omitted from this bidder-facing tender. Bidders shall quote their own rates and complete the financial columns. The purchaser may issue a final technical specification/compliance matrix as an addendum before the bid closing date; bidders shall comply with the latest corrigendum/addendum.

11.4 DEPARTMENT OF VETERINARY ANATOMY

S.No.	Equipment / Vehicle Description	Required Quantity	Bidder Make / Model	Technical Compliance (Yes/No)	Unit Rate (₹)	GST %	Total Amount (₹)
1	Almirahs for bones, microscopes and other equipment	6					
2	Steel/Iron racks for bones	15					
3	Glass-panelled museum showcases	15					
4	Marble-top/Stainless-steel-top dissection tables with drainage	10					
5	Compound microscopes	30					
6	Binocular microscopes	10					
7	Autoclave	1					
8	pH meter	1
